Dear Lady Rowland

It is with great sadness that I write having learnt of the passing of Sir James. On behalf of the Government and the people of New South Wales, I wish to express deepest sympathy to you and your family.

Sir James gave so much to the service of his country.

His distinguished service as Chief of Air Staff and to our community as Governor of New South Wales particularly during the Bicentennial will always be remembered.

May I also take this opportunity of thanking you, Lady Rowland, for the dedicated support you have given Sir James in his service to the people of New South Wales.

Our thoughts are with you and your family at this time. We honour his memory.

Yours sincerely
